

Year 7 Assessment Week – 17th to 21st November

At the end of every Cycle, students are assessed in class to check their understanding of the knowledge outlined in the Scholars Guide. Information from these assessments is shared with students, parents and teachers to help students fill any gaps in their knowledge before they move on to the next cycle.

The schedule for these assessments is below. This will help students prepare for the assessment planned each day. They will have time with their tutor to make sure they know when their individual assessments will take place.
